All,

Thanks for everyone that came out Tuesday night for the meeting. Below are the notes I captured from the get together. Might not have captured everything so please feel free to add on or let me know if there are some updates that need to be plugged in. Lots of people doing a lot of work to make it happen and do great things for the Athletic programs. Very much appreciated. I hope I captured everything. Talk to everyone soon or see you at the PARADE.

**General Terms & Notes**

- **All sponsorships are one-year commitments** (January–December), renewable each year.
- Sponsorships cover all sports and are intended to support the entire athletics program.
- Teams are encouraged to fundraise for extras not covered by LLBC, but LLBC aims to provide major financial and hands-on support.
- The approach is designed to foster a team effort, build a strong general fund, and ensure all sports and student athletes are well represented and supported.

---

**Bottom Line:**
The LLBC sponsorship program is structured to maximize support for all athletic programs, encourage community involvement, and ensure recognition for both sponsors and student athletes. The emphasis is on teamwork, equal opportunity, and growth for the entire athletics community
